Process of Understanding

Self Exploration
Whatever is stated is a Proposal (Do not assume it to be true/ false)
Verify it on your own right

1. Verify it on the basis of your Natural Acceptance
2. Experiential Validation
   - Live according to it
     - Behaviour with Human Being
     - Work with Rest of Nature
   - Mutual Happiness
   - Mutual Prosperity

Right Understanding
What is my role (value) in Nature?
Next we want to explore Nature/Existence

So far we have explored our Natural Acceptance
Our Natural Acceptance is for living in Harmony – as an Individual, as a Family, as a Society…

Is there provision in Nature/Existence for living in accordance with our Natural Acceptance?
Is it possible to live in harmony as an Individual, as a Family, as a Society…?

Is co-existence, mutual fulfillment inherent in Nature?
Or
Is the design of nature/existence by way of opposition, struggle, survival of the fittest…?

We will explore the underlying design of Nature/Existence with these questions…
Nature = Collection of Units

Air
Water
Trees

Soil

Animal body

Birds
Animals

Human beings

Self(I)

Human body

Earth

Sun

Moon

Metals
Nature = Collection of Units = 4 Orders

All units can be classified into 4 orders

- **Pranic Order**
  - Plants, Trees
  - प्राण अवस्था
  - पेड़, पौधे

- **Physical Order**
  - Soil, Metal
  - पदार्थ अवस्था
  - मिट्टी, धातु

- **Animal Order**
  - Animals, Birds
  - जीव अवस्था
  - पशु, पक्षी

- **Human Order**
  - Human Being
  - ज्ञान अवस्था
  - मनुष्य
Mutual fulfilment

1. Cyclic, interconnected, interdependent
2. Every unit is enriched

Physical Order
Soil, Metal
पदार्थ अवस्था
मिट्टी, धातु

Pranic Order
Plants, Trees
प्राण अवस्था
पेड़, पौधे
Relationship of Mutual Fulfillment  परस्पर पूरकता का संबंध

Between Physical Order, Pranic Order and Animal Order

Mutual fulfilment

1. Cyclic, interconnected, interdependent
2. Every unit is enriched
Physical Order, Pranic Order and Animal Order are enriching for Human Order, but Human Order (without right understanding) is not fulfilling for any of the 4 orders.

Human beings have natural acceptance to be mutually fulfilling.

Human beings can understand the mutual fulfilment and be fulfilling for all 4 orders...
Human beings have natural acceptance to be mutually fulfilling for all

To be mutually fulfilling, human beings have to understand mutual fulfilment (harmony) in nature
Present-day Problems are largely due to Lack of Understanding

Resource Depletion – The resource is used at a rate which is faster than the rate at which it is produced in nature

संसाधन अभाव – उत्पादन में प्रयुक्त संसाधन की गति, उसके प्रकृति में पैदा होने की गति से ज्यादा है

Pollution – The product is such that

1. It does not return to the cycle in nature or
2. It is produced at a rate that is faster than the rate at which it can return to the cycle in nature

प्रदूषण – उत्पादन ऐसा है कि
1. उत्पादित वस्तु चक्र में वापस नहीं आती या
2. उत्पादन की गति प्राकृतिक चक्र में वापस जाने की गति से ज्यादा है

Sum Up

1. Physical order – soil, metals etc.  
2. Bio order – trees, plants etc.  
3. Animal order – animals, birds etc.  
4. Human order – human beings

Nature = Collection of Units
= 4 Orders

Relationship of mutual fulfilment (harmony)

There is a relationship of mutual fulfilment (harmony) amongst these 4 orders. The first 3 orders are mutually fulfilling for each other. They are fulfilling for human being also. It is naturally acceptable to human beings to be fulfilling for all the orders.

The role of human being is to realize this mutual fulfilment – For this, all that human beings need to do is:

1. To understand that mutual fulfilment (harmony) is inherent in nature – we do not have to create it
2. To live accordingly – then the mutual fulfilment amongst the 4 orders will be realised

and there is provision in nature for living with mutual fulfilment (harmony)
Self Reflection
Self Reflection

1. What are your assumptions about nature? Is it for human enjoyment or does human being have a role to play for harmony in nature?

2. In a typical day, how much time do you interact with physical order, bio order, animal order and human order? What is that interaction (taking, giving, appreciating, fulfilling a responsibility…)

3. How do you and your family contribute to / participate in maintaining the order (harmony) in nature?

4. Can you see that units of the physical order, bio order and animal order have a definite conduct? Can you see that if the conduct of a human being is in accordance with their natural acceptance, then it will be definite (because the natural acceptance is definite)?

Sum Up

Existence is in the form of co-existence. It is ever present

(Existence = **Co-Existence** = Units submerged in Space)

Every unit in existence is related with every other unit in existence in a mutually fulfilling manner

Synergy is intrinsic to existence, harmony and relationship is inherent in nature – we do not have to create it, we do not have to construct it

The role of Human Being is to realize this co-existence, this harmony, this relationship – For this, all that human beings need to do is:

1. To understand the co-existence in existence
2. To live accordingly – to live with the feeling of co-existence (and there is every provision in existence for living in co-existence)
Self Reflection
Self Reflection

1. Is Nature/Existence self organized or is it a chaos?

2. Is struggle inherent in Nature/Existence?

3. Is there survival of the fittest in Nature/Existence?
   − Are there winners and losers
   − all are interconnected, interdependent and in a relationship of mutual fulfilment?

4. Have we understood ourself, nature/existence and our role in existence correctly? Are we are fulfilling that role? Are we fulfilled within? If not, then do we need to? How? What is the role of the teacher in all of this?
